FOR IMMEDIATE RELEASE

Freeborn County License Center Supervisor Elected to the Board of Directors of State-Wide Organization

Susan Wagner, Freeborn County License Center Supervisor, was elected to the Board of Directors of the Minnesota Deputy Registrar's Association (MDRA) at the association's annual conference held in St. Cloud, Minnesota this past week. The MDRA represents 175 Deputy Registrar offices in the State of Minnesota. Deputy Registrars process title applications, transfers, and renewals for motor vehicles and process applications for renewals and duplicate drivers' licenses for the citizens of the state on behalf of the Minnesota Department of Public Safety. The offices also accept title applications and register boats, snowmobiles, ATV's and off road vehicles for the Minnesota Department of Natural Resources.

Wagner has been with the License Center in Freeborn County for twenty five years, starting her career as a part time service representative. Shortly after, she moved into a full time position and became the Supervisor of the License Center six years ago. "I'm very excited I was elected, and look forward to the challenge of serving on the MDRA Board", Wagner stated. She lives in nearby Emmons with her husband of 38 years. She has two grown children, and when she is not busy at work, her favorite pastime is spending hours with her four grandchildren.

MDRA is a statewide membership organization promoting common interests of deputy registrars in providing professional licensing service to the public and liaison to the State.
